## Sentinel XL™ Full Hood HP

NIOSH Approved TC-21C-0814

Designed to protect users from a variety of biological and infectious threats in all types of applications.

It offers superior hood stability, providing the best in comfort and fit for a variety of applications. The standard Quick Loc™ belt adds to the excellent comfort, fit, and cleanability.

### Unique Benefits

- ▶ Single size head cover eliminates need to buy and stock multiple sizes
- ▶ No fit testing required
- ▶ Audible/visual low voltage alarm
- ▶ NiMH batteries eliminate “memory effect” associated with NiCd batteries
- ▶ Rugged dual chamber blower design for increased durability
- ▶ Secure threaded hose/head cover interface is easy to use
